

Faculty Affairs Committee Meeting Agenda

For Meeting: November 8, 2019, SM 113 (Conference Room)

We planned to continue with our discussion of the Bylaws for the Faculty Hearing on Academic Freedom and Tenure, based upon last year's recommendations from FAC. You can look in the shared drive for the group and see "Issues to Resolve -- Proposed Report to ECAS." Attached, please find the minutes as well.

We left off on issue 3 -- what to provide to NTT faculty by way of process in the even of academic freedom concerns. After looking at various university documents, including the Code of Federal Regulations, we resolved that the university does (and should) recognize academic freedom in NTT faculty as well as tenure-track, including part-time adjuncts. We need to spend a bit more time figuring out how and in which documents to provide for that. Then, we will move on to the remaining items on the list.
