WELCOME TO UD!

SCHOOL OF ENGINEERING
Admitted Student Day
April 3, 2020

Today, you’ll learn more about the School of Engineering, speak with University of Dayton admission and financial aid counselors, and meet students and faculty during academic sessions.

You can also meet with a financial aid counselor during our walk-in session. Our counselors can answer questions about your individual financial situation or explain more about our transparent tuition plan — with no tuition increases and no fees — which we created to give your family peace of mind all four years.

UD is nationally recognized for providing exceptional value to students. It’s why The Princeton Review, Kiplinger’s and Money all rank us as a Best Value College. We’re happy to answer any questions you might have!
