## Session Descriptions

### Academic Sessions

Choose from the five academic overview sessions to learn more about our strong academics that prepare students for their future.

### Admission Welcome

Representatives from Admission and Recruitment will welcome you to the Virtual Open House, share information on the admission process and provide direction for the rest of your virtual event experience.

### Campus Ministry Presentation

Learn about the countless opportunities to become involved in Campus Ministry and how to live out your faith at the University of Dayton. This session will begin with a presentation followed by the opportunity to ask questions.

### Drop-In Sessions

Drop in to any of these informal sessions focused on academics, the Office of Learning Resources, Career Services and Student Employment or Health and Well-Being to ask questions of UD faculty or staff.

### Multicultural Student Information Session

Join the Multi-Ethnic Education and Engagement Center Staff and current multicultural students as they share with you different resources on campus and their experience with the application and UD selection process from the multicultural student perspective. Learn about more opportunities to connect with our multicultural students.

### Student Panel

Get your questions answered and hear why over 8,200 students call the University of Dayton home during this student panel.

### UD Sinclair Academy Info Session

Learn more about the UD Sinclair Academy, a partnership between Sinclair College and the University of Dayton. Our Academy team will provide information on the admission process, the unique benefits of the program and how the Academy can provide a more affordable pathway to a UD degree.

### University Honors Program

Learn about the Honors Program at UD, which offers an enriched learning environment for students who exemplify our highest ideals: integrity, intellectual curiosity, leadership, vocation and community engagement. The Honors Program sponsors a variety of cultural activities and special events for students each year, and certain benefits are awarded to members of the Honors Program to support their academic endeavors.
