Important information – Credit for language courses taken off campus.

Students taking language courses off campus that are not taught by UD language faculty must first have them pre-approved by the Department of Global Languages and Cultures.

Students can obtain the Course Pre-Authorization Form from the Center of International Programs in Alumni Hall.

Students will need to make an appointment with the Global Languages and Cultures language section coordinator for their language of instruction. Students will need to bring the completed Course Pre-Authorization Form, information about the institution they will be attending, and the course description for the language courses they plan to take while abroad.

A copy of the completed Course Pre-Authorization Form signed by the language faculty reviewer needs to be on file in the Department of Global Languages and Cultures.

After reviewed and signed by the language section coordinator, students need to take the Course Pre-Authorization Form to the dean's office of their college/school for final approval in order to receive UD credit for their language classes.

While this process does not need to be completed prior to the submission of your application for this scholarship, the pre-approval process must be completed prior to leaving campus for the study abroad program and should be addressed as soon as possible.
