Global Voices Virtual Symposium: Africa in Our Century

MARCH 1 – 2, 2022

Since 2017 the UD Global Voices Symposium has served our community by presenting stimulating and thought-provoking programs on global awareness and global engagement. This year the symposium proudly presents “Africa in Our Century”, examining the growing importance of this continent for our present and our future. As with past programs, the 2022 symposium will draw on the experiences and expertise of individuals from our UD campus and community leaders to discuss activities and initiatives which promote global education and engagement.

All events are free and open to the public. Please register in advance.
