GET BIG THINGS DONE: DIGITAL BODY LANGUAGE AND CONNECTIONAL INTELLIGENCE

SEPTEMBER 20, 2022 | 9:00 A.M. – 4:00 P.M.

We typically associate success with speed and smarts. But in today's 21st century marketplace, even those gifts aren't quite enough. Collaboration expert, Erica Dhawan, argues that the game changers are thoroughly modern skills called Connectional Intelligence (CxQ) and Digital Body Language.

As radical a concept as Emotional Intelligence was in the 90's, Connectional Intelligence is turning people into super connectors who accelerate innovation, break down silos and foster breakthrough impact. As important as body language is in our physical offices, Digital Body Language makes or breaks trust and high performance in our new hybrid world that we find ourselves in today.

This dynamic, engaging, high-energy, fast-paced program will help leaders understand the key leadership capabilities of Digital Body Language and Connectional Intelligence as the key to purposeful collaboration, leadership, resilience, and growth within their team and organization. Program participants will shift the notion of collaboration from more meeting and emails to productive engagement that improves speed and quality of service, increases subject matter expertise and specialist sharing across silos, reduces cross-team dysfunction and delay, and eliminates duplicative work.

You will learn new insights and tools to accelerate the connected power of teams, become more agile and innovative, and drive breakthrough ideas and outcomes - no matter the distance, silo or person. These insights and tools will take you where you need to be in today's changing world.

This program will help leaders:

- Discover new ways to lead, inspire, and communicate with diverse teams through uncertainty.
- Learn how to keep cross team collaborations aligned, build trust, and foster motivation.
- Behaviors to understand and build trust and connection, no matter the distance.

Competencies Addressed: Collaborates, Communicates Effectively, Drives Engagement, Drives Results, Instills Trust
