Professional Experience

2005 to present

Inflationist LLC

Founder and President

Provide high-frequency forecasts and research on inflation for participants in the inflation-linked bond market.

2022 to present

University of Dayton School of Business Administration

Lecturer

Department of Economics and Finance

1997 to 2005

Barclays Capital

New York, N.Y. 10038

Senior U.S. Economist and Director

Chief US Economist as of June, 1999.

Responsible for the U.S. economic forecast. Worked closely with sales and trading. Prepared interest rate, quarterly macroeconomic and data release forecasts. Met frequently with clients in Europe, Asia and the Middle East.

Played an instrumental role in establishing the firm's franchise in the inflation-linked bond market. Contributions included organizing annual conference on inflation-linked bonds, educating clients about the product, providing inflation forecasts, and working with traders on strategy.

Publicized the firm's research with the media. Frequently quoted in *the Wall Street Journal*. Have appeared on CNNfn, Bloomberg TV, and Reuters TV on numerous occasions.

1996 to 1997

The Chase Manhattan Bank

New York, N.Y. 10017

U.S. Economist and Vice President

Responsibilities included analyzing credit risk issues, public policy issues, and macroeconomic conditions.

1989 to 1996

The Chase Manhattan Bank, N.A.

New York, N.Y. 10081

U.S. Economist and Vice President

Responsibilities included forecasting interest rates and writing weekly and monthly commentaries on the U.S. economy for Chase's traders and clients.

Member of Chase's Market Risk and Interest Rate Risk Management Committees.

Have conducted special studies of leading indicators of real estate trends, leading indicators of inflation and the Eurodollar yield curve.

Education

1984 to 1989

Massachusetts Institute Of Technology Cambridge, MA

Received Ph.D. degree in Economics, 1993.

Dissertation topic: The interaction between interest rates, inflation and politics.

Major Fields in International Trade and Finance and Macroeconomics.

Minor Fields in Econometrics and Microeconomic Theory.

National Science Foundation Graduate Fellow, 1984-1988.

1980 to 1984

Oberlin College

Bachelor of Arts degree *summa cum laude* in Economics with a double degree in Mathematics, May 1984.

Elected to *Phi Beta Kappa*, 1984.

Previous Work

1986 to 1989

M.I.T. Department of Economics

Teaching Assistant for undergraduate microeconomics course emphasizing antitrust issues.

Summer, 1988

M.I.T. Sloan School - Management of Technology Program

Technical instructor for applied micro-and macroeconomics graduate course in the Leaders for Manufacturing program.
