

KETTERING LABS

DIRECTIONS TO KETTERING LABS

Home of the University of Dayton's School of Engineering

Note: The address for main campus, 300 College Park Ave., does not position you well to find us. We recommend using the directions below to drive directly to Kettering Labs once you are in the vicinity of campus.

From I-75:

1. Use exit #51.
2. Traveling northbound on I-75, turn right on S. Edwin C. Moses Blvd.
3. Traveling southbound on I-75, turn left on S. Edwin C. Moses Blvd.
4. Follow Edwin C. Moses Blvd. and take the first right onto Stewart St. to cross bridge.
5. Continue on Stewart St. to Brown St. (4th light) and turn right onto Brown St.
6. Follow Brown St. approximately 1 mile to the light at Irving Ave. There is a Ben & Jerry's Ice Cream store on the corner. Turn left.
7. Proceed ¼ mile to Evanston Ave. There is a yellow flashing light on the right just past Evanston. Turn left on Evanston.
8. Proceed through two stop signs. Just beyond the second stop sign on your left is Parking Lot C. During business hours, stop at the booth to obtain a temporary parking permit to display from your rearview mirror. A permit is required Monday-Thursday 6:00 a.m. to 7:30 p.m. and Friday 6:00 a.m. to 4:30 p.m.
9. Kettering Labs is the five-story building at the other end of Lot C. If you enter the building from the parking lot entrance, proceed through both sets of doors, take a right and follow the hallway around to the elevators. The conference room (505), Dean's Office (565) and Associate Dean's offices are all on the 5th Floor. The conference room is across from the elevators and the Dean's offices are to your left at the end of the hall.

- 1 Eugene W. Kettering Engineering and Research Laboratories
- 2 RecPlex — Recreational Complex
- 3 Chapel of the Immaculate Conception
- 4 Albert Emanuel Hall — Admission and Financial Aid
- 5 Science Center
