Dear <Name>,

After reviewing your family's financial circumstances, the University of Dayton is pleased to provide your four-year financial aid award — one that's more complete than any other award you will receive.

What makes our approach to tuition different from every other university in the nation?

- **Transparency.** We provide a four-year overview that shows the real cost of education and assists you in planning for success.
- **No tuition increases or fees.** Your University scholarships and grants will increase each year to cover any increase in tuition, and we don't have fees for classes, labs or other experiences, saving you up to \$20,000 compared to other universities.
- **Money for textbooks.** If you visit campus and file the FAFSA by March 1, we'll pay for your textbooks — up to \$4,000 over four years.
- **Study abroad scholarship.** To help you become a global leader, a \$3,000 study abroad scholarship is available, and you can study in China, Ireland or Spain at no additional cost.
- **Peace of mind.** You can be confident that the funding you receive from federal or state sources will be available all four years. Even if there are government budget cuts or changes to your eligibility, the University will cover the difference, so your award stays the same.

At the University of Dayton, we're committed to developing the whole person as part of our Catholic, Marianist tradition. To help you get the most out of your education, you'll work closely with your academic adviser to develop a degree plan that ensures you will graduate on time. You'll also work with an alumni mentor who can help you prepare for life after graduation.

If you have questions, our counselors are available to discuss your needs and help make your UD education a reality. Simply call the Office of Admission and Financial Aid at 800-UD-PRIDE (800-837-7433) for a personalized financial aid consultation.

We look forward to working with you and your family!

## Options to meet your 2017-18 education costs

| Federal Direct Loans  | up to \$xx,xxx     |

★ To provide you the same net tuition all four years, we project the following gift aid amounts:

2017-18: \$20,350  
2018-19: \$21,460  
2019-20: \$22,610  
2020-21: \$23,790

② If you prefer to budget your costs on a monthly basis, payment options are available. Your personal savings can also be used to meet your costs.

③ Education loans are an option available to finance your costs. Consider interest rates and repayment terms before borrowing. Actual amounts may vary based on your financial circumstances.

## Going to UD is about more than getting an education — it's making an investment in your future.

College can be expensive. But at UD, we're committed to making it as affordable as possible while providing an excellent value. Not only will you find transparent tuition, no hidden fees and a high graduate success rate, UD students have less loan debt upon graduation than students attending other universities. In fact, **40%** of UD students graduate with no loans.

**At UD, the average student loan debt among graduates is \$X,XXX.** For graduates from public and nonprofit colleges in 2015, that number was \$30,100.

On average, a UD graduate's student loan payment is **\$XX/month over XX years.**

**Ninety-six percent of UD students** begin to repay their student loans within three years of leaving school, compared to 68% nationally.

A University of Dayton education is an investment that lasts a lifetime, and we are committed to meeting your needs. To learn more about the payment options available to you — and discuss ways to make a UD education a reality — please call 800-UD PRIDE (800-837-7433) for a **personal discussion about this investment in your future.** You can also learn more about our financial aid programs online ([go.udayton.edu/award](http://go.udayton.edu/award)).
