

Easy Access to Care for UD Students

24/7 Care, Fast and Easy

Premier Virtual Care brings a health care provider to you when and where you need it. Our team of board-certified physicians and nurse practitioners can evaluate and treat you through video chat without an appointment, available 24 hours a day, 7 days a week.

Getting help quickly

Virtual visits typically last about 20 minutes. We will provide a summary of your visit, which you can get through your online account, and make plans for follow-up with the Health Center, if needed. Any prescriptions can be called in to your local pharmacy or Walgreens for delivery to the Health Center.

Get care now! Call
(937) 463-1616.

If at any point your symptoms worsen or you feel like you are having a medical emergency, call UD Public Safety at (937) 229-2121 or 911, or go to the nearest emergency room.

What you can expect

- Be treated without leaving your residence
- No appointment needed

Who is eligible?

All UD students (undergraduate, graduate, law) may access this service.

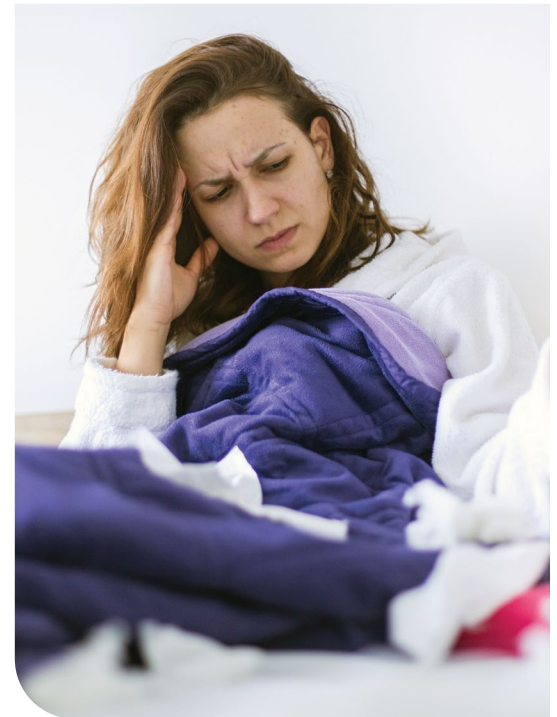

If your appointment is related to COVID, please do not use virtual care and see instructions on the next page.

Common conditions include:

Cough	Insect Bites	Vomiting
Cuts	Nausea	Yeast Infection

and much more...

Get care now! Call
(937) 463-1616.

How it Works.

Getting started: Great care is only a few clicks away

Once your virtual visit starts via video, your virtual care provider will ask you a series of brief questions to help him/her understand the nature of your health concern and the best treatment options for you.

What to expect during your visit

Virtual visits typically last about 20 minutes. We will provide a summary of your visit online and make arrangements to follow up at the Health Center if needed. Any prescriptions your virtual care provider deems appropriate can be sent to Walgreens pharmacy for delivery to the Health Center the next business day, or to another local pharmacy of your choice.

Your medical information

If you have visited Premier Virtual Care previously, our providers can view the records for these visits. Your treatment summary will be posted to your secure online account after the visit, and can be accessed at any time. If you have another primary care physician practice and provide the name and phone number, we will send a copy of your treatment summary to them.

Paying for Premier Virtual Care

Free for **UD Students**

Restrictions

Students must be located in the State of Ohio.
